

## Visitors' Health and Safety Guidelines for A Safe COMPUTEX 2022 Experience

All COMPUTEX attendees are strongly advised to be FULLY vaccinated (three dose of multi-dose vaccines) against COVID-19. Self-health Monitoring should be implemented by all the attendees 14 days before the show.

Visitors' health and safety guidelines are as follows. Exhibitors should refer to the [Exhibitor Manual](#) (p.28 Epidemic Prevention Measures) for guidelines.

### Before traveling to Taiwan

Foreign visitors to Taiwan are required to undergo a COVID-19 PCR test upon arrival at the airport and a further five self-administered rapid COVID-19 tests will be required during the [mandatory 10 day quarantine](#) and [7 day self-health management period](#). Foreign visitors should refer to the [Taiwan Centers for Disease Control \(CDC\)](#) or contact their helpline on 1922, or you may also contact the [Taiwan Representative Offices](#) in your country for further information.

### Venue Entry Requirements

- Individuals under home isolation/ home quarantine/ self-health management or with Covid-19 symptoms such as fever ( $\geq 37.5$  °C), respiratory symptoms, diarrhea or loss of smell and taste are not allowed entering the venue (Taipei Nangang Exhibition Hall 1, TaiNEX 1) and the exhibition.
- To enter the venue, visitors should scan the QR Code at the entrance and text back the 'Admission QR Code'.
- Wearing face mask at all times is required when entering and during the exhibition.
- The 3rd floor of Hall 1 and the B1 lounge area of the Nangang Exhibition Hall can be used by visitors with dining requirements, and visitors should maintain a safe distance from others.

## Exhibition Venue Epidemic Prevention Measure

- **Epidemic prevention and control:**  
As part of the pavilion's health initiative, food and beverage stores in the Exhibition Venue maintain a clean environment at all times, provide alcohol-based hand sanitizer, increase queueing intervals, and take body temperatures every day.
- **Epidemic prevention equipment and sanitization:**  
In addition to the body temperature test and alcohol sanitizer at the entrance and exit of the exhibition hall, the exhibition hall will perform air conditioner changes, disinfect the washrooms, escalators, elevators and other high frequency contact points every two hours. Also, the floors of the event area and the public area will be disinfected at the end of each day.
- A separate area for pandemic insulation will be allocated at either Area J or Area K's main entrance.
- In case of confirmed pandemic notification:
  - ✓ Termination of activities before the due date
  - ✓ All staff evacuation
  - ✓ All staff are advised to have a COVID-19 PCR test and a 7-day self-health management period.
  - ✓ Sanitizing all venue
